**General Responsibilities**

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland, including the accounting standards issued by the Accounting Standards Boards and published by the Association of Chartered Certified Accountants.

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently

They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and hence to prevent and detect fraud and other irregularities.
